

Procedure at Lauterbrunnen train station for transfer and transportation of team luggage and equipment to Wengen

Situation

Due to the reconstruction of the train station Lauterbrunnen the transfer of ski equipment and luggage to the train coaches has changed.

The passing of the railway tracks is not possible anymore and is strictly prohibited!

Because of the new underpass there is no more room for parking and unloading near the train station building, in the fright yard or the fright depot.

Arrival with car/team van in Lauterbrunnen – departure with train to Wengen

The following service is available on

Teams Worldcup:

✓ **Monday, January 11 from 12am – 8pm**

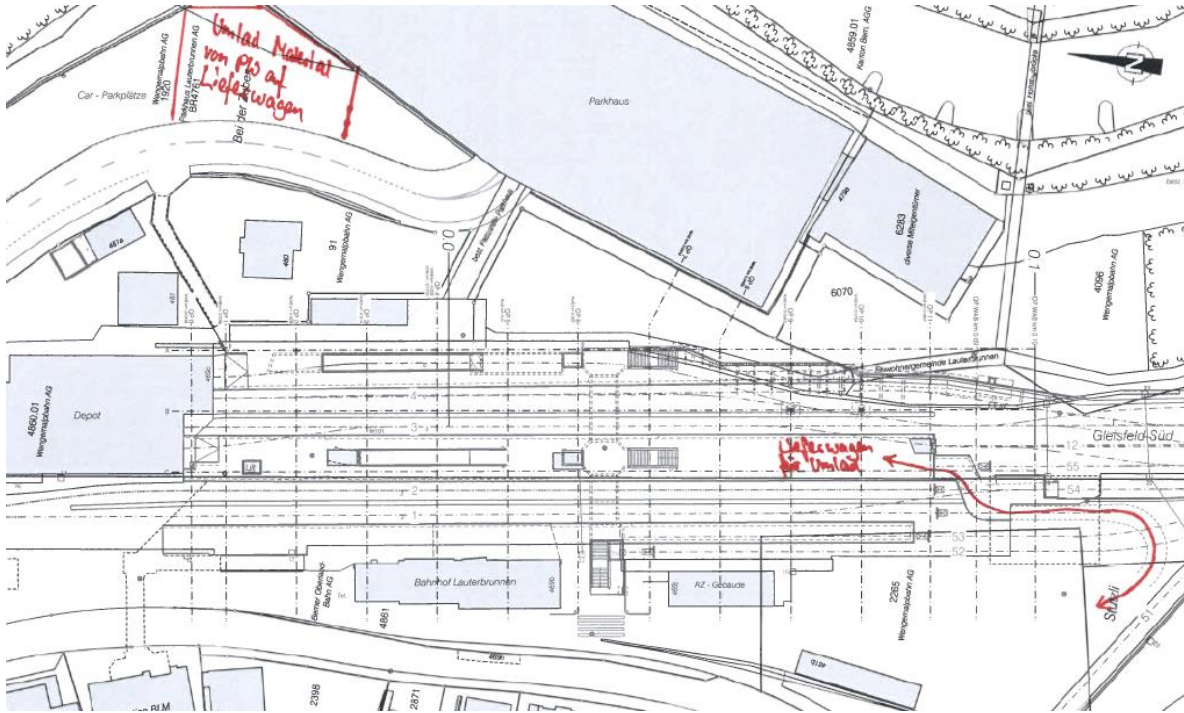

- Drive to designated loading/unloading parking lot in front of the Lauterbrunnen car park
- Unload and transfer equipment to a delivery vehicle
- Park your car/van at the parking “Eyetli”, while your equipment will be transferred to the platform between track 2 and 3
- Load equipment on designated train/cargo wagon (please help)
- Transfer of staff, athletes and equipment to Wengen (arrival on track 1 or at fright depot Wengen)
- Unload equipment in Wengen (train staff will assist you)

Departure from Wengen – Lauterbrunnen

Every 30 minutes on Sunday a cargo/train composition with ski caddy is available for departure to transfer the team equipment, athletes and staff. Please unload your equipment in Lauterbrunnen yourself. Six big luggage carts are available to transfer it to your vans/cars.

Thank you for your understanding and cooperation.
